⚠ IKK has not yet released the relevant program requirements, and a pre-audit is required to assess the technology

<b>Villamosbiztonsági Workshop / Electrical Safety Workshop</b>		<b>Recommended for whom?</b> Middle and senior management	Knowledge-expanding, thought-provoking electrical safety training	
immediatly	⌚ According to content or agreement	⊖ Qualification	⊖ Professional prerequisites	⊖ Professional experience
⊖ Exam	Theory	<b>Ideal group size:</b> <b>20</b>	⊖ Equipment, training track, etc. requirement	⊖ Mandatory
⊖ 21/2023 GFM Decree		⊖		⊖ Health Suitability Requirement

<b>KIF szakszolgálati FAM szerelő / Low Voltage (LV) Maintenance Live Working Technician</b>		<b>Recommended for whom?</b> Personnel responsible for installation, maintenance, and operation	Low Voltage (LV) Maintenance Live Working Technician performs installation, troubleshooting, repair, and maintenance tasks on low voltage, AC and DC electrical protection, control systems, and auxiliary networks and equipment without disconnecting the network, ensuring operational continuity.	
immediatly	⌚ 4 days	✓ Qualification	<b>Professional prerequisite:</b> Electrician, technician, electrical engineer as per the relevant program requirements	<b>Professional experience</b> 1 year of high-voltage experience
✓ Exam	Theory + Practice	<b>Ideal group size:</b> <b>20</b>	<b>Equipment, training track, etc. requirement:</b> Protective equipment for FAM activities + electrician hand tools + FAM tools	<b>Mandatory:</b> To perform the job immediately, or due to a previous ITM Decree
✓ 21/2023 GFM Decree		34/2021. (VII. 26.) ITM Decree		✓ Health Suitability Requirement

<b>KIF Kábelszerelő / Low Voltage (LV) Cable Technician</b>		<b>Recommended for whom?</b> Personnel responsible for installation, maintenance, and operation	Installation of any cable assembly on the low voltage cable	
immediatly	⌚ 6-7 days	⊗ Qualification	<b>Professional prerequisites:</b> Electrician, technician, electrical engineer	<b>Professional experience</b> 1 year of high-voltage experience
✓ Exam	Theory + Practice	<b>Ideal group size:</b> <b>20</b>	<b>Equipment, training track, etc. requirement:</b> Protective equipment for electrician + electrician hand tools	<b>Mandatory:</b> To perform the job immediately, or due to a previous ITM Decree, or due to the referenced standard
⊖ 21/2023 GFM Decree		MSZ 13207:2020 5.10.5.		✓ Health Suitability Requirement

<b>KIF FAM Kábelszerelő / Low Voltage (LV) Live Working Cable Technician</b>		<b>Recommended for whom?</b> Personnel responsible for installation, maintenance, and operation	Low Voltage (LV) Live Working Cable Technician performs cable installation and repair tasks without disconnecting the network to ensure operational continuity.	
immediatly	⌚ 4 days	✓ Qualification	<b>Professional prerequisites:</b> Electrician, technician, electrical engineer as per the relevant program requirements	<b>Professional experience</b> 1 year of high-voltage experience
✓ Exam	Theory + Practice	<b>Ideal group size:</b> <b>20</b>	<b>Equipment, training track, etc. requirement:</b> Protective equipment for FAM activities + electrician hand tools + FAM tools	<b>Mandatory:</b> To perform the job immediately, or due to a previous ITM Decree
✓ 21/2023 GFM Decree		34/2021. (VII. 26.) ITM Decree		✓ Health Suitability Requirement

<b>Kisfeszültségű FAM üzemviteli vezető / Low Voltage (LV) Live Working Operations Manager</b>		<b>Recommended for whom?</b> Managers authorized to oversee electrical equipment operation, directly responsible for ensuring compliance with the provisions of Decree 21/2023 GFM during their work	To ensure the continuity of operation and the operational safety of designated equipment, the personnel of subordinate service locations may be instructed to change the operating status as necessary	
immediatly	⌚ 2 days	⊗ Qualification	<b>Professional prerequisites:</b> Electrician, technician, electrical engineer	<b>Professional experience</b> 1 year of high-voltage experience
✓ Exam	Theory	<b>Ideal group size:</b> <b>20</b>	⊖ Equipment, training track, etc. requirement:	<b>Mandatory:</b> To perform the job immediately
⊖ 21/2023 GFM Decree		34/2021. (VII. 26.) ITM Decree		✓ Health Suitability Requirement

<b>FAM üzemirányító képzés / Live Working Operations Controller Training</b>		<b>Recommended for whom?</b> Managers with operational control authorization, performing operational management tasks, responsible for ensuring compliance with the provisions of Decree 21/2023 GFM during their work	Supervises and regulates the operational status of production, transmission, and distribution equipment, cable and overhead line systems, and the associated substations as a whole or in designated parts. Issues instructions or grants permissions for interventions and other tasks required due to malfunctions or planned works, and is responsible for the continuous operation of the entrusted equipment	
immediatly	⌚ 2 days	⊗ Qualification	<b>Professional prerequisites:</b> Electrician, technician, electrical engineer	<b>Professional experience</b> 1 year of high-voltage experience
✓ Exam	Theory	<b>Ideal group size:</b> <b>20</b>	⊖ Equipment, training track, etc. requirement:	<b>Mandatory:</b> To perform the job immediately
⊖ 21/2023 GFM Decree		34/2021. (VII. 26.) ITM Decree		✓ Health Suitability Requirement

<b>Feszültség közeli munkavégzés képzés / Training for Working Near Live Voltage</b>		<b>Recommended for whom?</b> Low-voltage specialists, working near live electrical voltage during their tasks	Acquiring the knowledge required for safe work, with a focus on identifying hazards and implementing protective measures	
immediatly	⌚ 1 day	⊗ Qualification	<b>Professional prerequisites:</b> Low-voltage basic qualification - Group IV.b according to MSZ 1585:2016	⊖ Professional experience:
✓ Exam	Theory + Practice	<b>Ideal group size:</b> <b>20</b>	⊖ Equipment, training track, etc. requirement:	⊖ Mandatory:
✓ 21/2023 GFM Decree		MSZ 1585:2016 4.2.101., és SZME-VB 2024.03.01. 3.1.16.		✓ Health Suitability Requirement

<b>Kisfeszültségű energiatároló akkumulátor-telep FAM szerelő / Live Working Technician for Low Voltage Energy Storage Battery</b>		<b>Recommended for whom?</b> Personnel responsible for the installation, maintenance, operation, and troubleshooting of uninterrupting energy storage systems	Live Working Technician for Low Voltage Energy Storage Battery performs installation, troubleshooting, repair, and maintenance tasks on DC electrical networks and equipment without disconnecting the network, ensuring operational continuity. The technician possesses the necessary knowledge, skills, and abilities to perform live working tasks on energy storage system batteries.	
from March 2025.	⌚ 6-7 days	✓ Qualification	<b>Professional prerequisites:</b> Electrician, technician, electrical engineer as per the relevant program requirements	<b>Professional experience</b> 1 year of high-voltage experience
✓ Exam	Theory + Practice	<b>Ideal group size:</b> <b>20</b>	<b>Equipment, training track, etc. requirement:</b> Protective equipment for FAM activities + electrician hand tools + FAM tools + low-voltage energy storage	<b>Mandatory:</b> To perform the job immediately
✓ 21/2023 GFM Decree		34/2021. (VII. 26.) ITM Decree		✓ Health Suitability Requirement

<b>Gépjármű vontatási akkumulátor FAM szerelő / Live Working Technician for Vehicle Traction Batteries</b>		<b>Recommended for whom?</b> Personnel working with vehicle traction batteries	Live Working Technician for Vehicle Traction Batteries works with vehicle traction batteries (with relevant prior training): repairs, diagnoses, evaluates, and prepares batteries for disposal. Performs live working tasks related to partial or complete disassembly, replacement, repair, troubleshooting, and transportation of damaged or faulty batteries.	
from March 2025.	⌚ 10 days	✓ Qualification	<b>Professional prerequisites:</b> Electrician, technician, electrical engineer or automotive mechanic, other engineer as per the relevant program requirements	<b>Professional experience:</b> 3 years of relevant automotive or vehicle maintenance, or high-voltage experience
✓ Exam	Theory + Practice	<b>Ideal group size:</b> <b>20</b>	<b>Equipment, training track, etc. requirement:</b> Protective equipment for FAM activities + electrician hand tools + FAM tools + complete battery pack installed or in assembly process	<b>Mandatory:</b> To perform the job immediately
✓ 21/2023 GFM Decree		34/2021. (VII. 26.) ITM Decree		✓ Health Suitability Requirement

<b>Felhasználói berendezés FAM szerelő / Live Working Technician for User Equipment</b>		<b>Recommended for whom?</b>		
⚠				
		<b>Ideal group size:</b> <b>20</b>		
✓ 21/2023 GFM Decree				

<b>Megújuló és egyéb primer energiaforrású kiserőmű FAM szerelő / Live Working Technician for Renewable and Other Primary Energy Source Small Power Plants</b>		<b>Recommended for whom?</b>		
⚠				
		<b>Ideal group size:</b> <b>20</b>		
✓ 21/2023 GFM Decree				

**Exam:** In the case of a qualification, the day following the training directly with the Varna Exam Center

**Professional prerequisites:** In the case of a qualification, according to the IKK program requirements

**Professional experience:** In the case of a qualification, according to the IKK program requirements

**Equipment, training track, etc. requirement:** We can provide tools, but not protective equipment. Other equipment, training fields, etc., based on the IKK program requirements. In the case of in-house training, tools and equipment must be pre-audited and used accordingly
